

## BINARY BISHOPS

Registration fees: 60/- (SOLO)  
100/- (DUO)

#Expected entries: 30 for analysis purpose

Prize: upto ₹1000 worth

### Description:

Well have you ever thought of such an activity that exhilarates and baffles your brain at the same time!? Here we present to you our very own version of chess - Binary Bishops. Binary Bishop is an event which will equally test your coding skills along with your Chess skills on board. You code, unlock and play!

Total time per match = 50 min on paper

### Round 1 – Decode your Moves(30 min)

In the first round, participants have to solve coding problems to unlock chess pieces. The difficulty level of these questions will be as follows:

Question type pawns – Easy aptitude questions worth 8 points.

Question type Bishops and Knights – Medium aptitude and easy level coding questions for 3 points each.

Question type Rook – medium aptitude / medium coding for 5 points each.

Question type Queen – Hard aptitude / medium coding for 9 points.

## ROUND 2 – Squared Rook (20 minutes max)

The final round would be entirely a chess event. Finalists will be playing a rapid match (10+0 min) using the pieces they have already unlocked.

Gameplay –

Simultaneously 3 matches to be played(will increase if the entries increase)

By elimination we get half the starting players

## ROUND 3 – Brisk Check

There will be a rapid questioning round based on chess and coding.

Time limit per question- 30 seconds
